

AHRQ EBC Challenge Worksheet:
Steps for Developing a Strong Project Submission

So you have an idea for the EBC challenge, but how do you go from big-picture concept to focused idea? What are the essential components of a submission that will convey your idea and help draw the best team to your project?

Below are six key questions to help guide you through the process. Good Luck!

What is your big idea (i.e. where do you see opportunities for enhanced EBC in the Convenience Care setting)?

How would you convey this information to NPs and PAs practicing in the Convenience Care setting?

Can you refine or focus your idea on one key opportunity for improvement?

How will you integrate evidence from the selected AHRQ reports?

What skills / knowledge do you bring to the project?

What skills / knowledge are you seeking from others?
