

Effective Health Care

Dissemination of Information Nomination Summary Document

Results of Topic Selection Process & Next Steps

- Dissemination of information does not fit within the domain of the Effective Health Care (EHC) Program because communication between government agencies does not fall within the domain of the EHC Program. No further activity will be undertaken on this topic.

Topic Description

Nominator: Anonymous individual

Nomination Summary: The nominator is concerned that government research is not being translated into information that is helpful to the public and that there is no information provided before the administration of psychological tests. The nominator suggests that the government needs to communicate better internally about research.

Key Questions from Nominator:

1. Are we doing studies to study the studies or do we want the results of the information to be of benefit to the United States population?
2. Do the government agencies exist to sustain themselves?
3. Should the CDC study this?

Considerations

- The topic does not meet EHC Program appropriateness criteria. (For more information, see <http://effectivehealthcare.ahrq.gov/index.cfm/submit-a-suggestion-for-research/how-are-research-topics-chosen/>.)
