

Effective Health Care Treatments for Low Functioning Children with Serious Emotional Disturbances Nomination Summary Document

Results of Topic Selection Process & Next Steps

- The nominator has withdrawn this topic from consideration by the EHC program. No further activity will be undertaken on this topic.

Topic Description

Nominator: Public payer

Nomination Summary: The nominator is interested in treatments for developmentally delayed children with serious emotional disturbances. The nominator states that if the child is not eligible for disability services, mental health is the only treatment system they have access to; however, often the child does not benefit from cognitive-based treatments.

Population(s): Developmentally delayed children with serious emotional disturbances (often with concurrent eligibility for developmental disability services)

Intervention(s): Treatments other than cognitive-based treatment

Comparator(s): None specified

Outcome(s): None specified

Key Questions from Nominator: None

Considerations

- This topic could not be evaluated due to insufficient information given in the original nomination. Clarification and feedback from the nominator was sought; however, the nominator has withdrawn the topic nomination from consideration by the EHC program.
