

Effective Health Care

Antibiotic Allergies

Nomination Summary Document

Results of Topic Selection Process & Next Steps

- Antibiotic allergies does not fit within the domain of the Effective Health Care (EHC) Program because it does not address an effectiveness or comparative effectiveness question. No further activity will be undertaken on this topic.

Topic Description

Nominator: Individual

Nomination Summary: This nomination indicates an interest in the development of new antibiotic drugs that would not cause allergic reactions.

Key Questions from Nominator: 1. What are the alternatives for patients with ever-expanding antibiotic allergies?

Considerations

- The topic does not meet EHC Program appropriateness criteria. (For more information, see <http://effectivehealthcare.ahrq.gov/index.cfm/submit-a-suggestion-for-research/how-are-research-topics-chosen/>.)
- This nomination does not address an effectiveness or comparative effectiveness question; therefore, this nomination does not fit within the domain of the EHC Program.
